

USA PATRIOT ACT IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT

To help the government fight the funding of terrorism and money laundering activities, Federal Law requires all financial institutions to obtain, verify and record information that on personal accounts identifies each person who opens an account. In addition, on Legal Entity accounts, we will require identification on beneficial owners and one individual that has significant managerial responsibility for the Legal Entity.

What this means for you: When you open an account we will ask for your name, address, date of birth, identification number (social security number or employer identification number), non US tax payer identification number and other information that will allow us to identify you. We will also ask to see your driver's license or other identifying documents.

A corporation, partnership, trust or other legal entity may need to provide other information, such as its principal place of business, local office, employer identification number, certified articles of incorporation, government-issued business license, a partnership agreement or a trust agreement.

What happens if the information requested is not provided or the identity can't be verified? You may not be able to open an account or carry out transactions. If the account is already opened, we may have to close it

We proudly support all efforts to protect and maintain the security of our customers and our community.
